About the Institution

Farook College established in 1948, has been serving the nation and the community for the last several decades. Farook College was the only First Grade College in Central Malabar at the time of inception. Farook College (Autonomous) is today the biggest residential post graduate institution under the University of Calicut. The college has been re-accredited as 'A+' Grade by the 'National Assessment Council (NAAC), Bangalore. The college offers instruction in various discipline at the under graduate and postgraduate levels. Several departments in the college offer research programmes.

Post Graduate and Research Department of Chemistry

The post graduate and research department of chemistry is one of the most prestigious departments of Farook College. The department was established in the year 1957, with the under graduate programme. Today, it also offers graduate, post graduate and doctoral programmes in a wide range of disciplines. The department has contributed great luminaries to the world of science. The department has been guiding the society towards knowledge and excellence.

Emerging Frontiers in Chemical Sciences (EFCS)

International Conference Series, "Emerging Frontiers in Chemical Sciences (EFCS)" is a biannual event, with a national event in between. The first international conference in this series (EFCS-2017) was inaugurated by Prof. CNR Rao on September 23, 2017. EFCS-2019 is the second international event in this series. The conference provides a platform for young researchers and science aspirants to communicate with international and national experts. The conference will cover many of the emerging trends in chemistry.
